GALVESTON has broken all records for cotton receipts during the month of September. 500,000 bales were received. Galveston never fails to get its share of the cotton.

THE State Ranger force now consist of thirty men and three captains and that is thirty-three too many. Texas can get along without any of them.

SENATOR Joe W. Bailey made a speech on the fair grounds at Timpson last Thursday to a crowd of 2500 people. Bailey is still the man of the hour in Texas and a great many people love him for the enemies he has made.

IN A speech before the irrigation congress, Francis J. Henly charged that the corporations had already gobbled up four-fifths of the country's natural resources and all this has been done under a republican administration.

## COTTON

Is about all in and now is the time to sell what chickens you have to sell. Prices are high now but will be much lower as soon as turkeys begin to come in. Take our advice and sell all the old hens that are too old to lay, also large fryers now.

When you have any good eggs, let us have them; price higher at this time of the year than we ever saw it.
